

Autumn Term

<u>Autumn Term</u>	Home Learning Year 2 – Come Fly With Me!					
	1 point Know	2 points Understand	3 points Apply	4 points Analyse	5 points Create	6 points Evaluate
Verbal I enjoy reading, writing and speaking	Write a poem about flying https://www.bbc.co.uk/bitesize/topics/zjhhvcw/articles/zg6dn_g8	Imagine you could be sent anywhere in the world. Where would you go? Why would you go there? How long would it take?	Imagine you were flying for the first time. Write 3 sentences to describe what you can see from the plane. Can you use an adjective in your sentence?	Write down the reasons you would or wouldn't want to go in a hot air balloon.	Create a list of things to take to the moon. What do you need? What would you do on the moon? What would you like to leave on the moon and why?	Explain why you have taken the items on your list to the moon.
Maths I enjoy working numbers	Write the numbers 1-20 in words.	Measure some items in your home. What is their length and width?	Astronauts have to be very good at counting forwards and backwards. Practise counting forwards and backwards to and from 50 in 2's,5's and 10's.	Learn your 10 times tables, including the division facts..	Create a poster about the animals that went into space.	Practise counting forwards and backwards to and from 100 in 2's,5's and 10's.
Visual I enjoy painting, drawing and visualising	Draw a selection of things that fly.	Keep a sky at night journal for a whole week. Write about everything you can see in the sky. Draw a picture of the moon every night. Does it change?	Draw or paint a picture of something that flies.	Read a book from home or the library (not your daily reading book) and do a book review	Create a model of an aeroplane using a medium of your choice	Write 3 ways you could improve your aeroplane.
Kinaesthetic I enjoy hands on activities	Make a drawing of a compass and learn North, East, South and West.	Continue to try to read for 10 minutes four times a week. Make a paper aeroplane. How could you make it fly further?	Make a rocket to fly to the moon. https://www.youtube.com/watch?v=RikK88CXck	Research how fast aeroplanes fly and compare them to how fast rockets fly into space fly.	Create a PowerPoint about the moon landing. What facts can you include?	Evaluate the difference between a rocket and an aeroplane.
ICT I enjoy using computers to help me learn	Find out facts about the space missions.	Make a PowerPoint about the first Moon Landing.	Give reasons why you can't live on the moon.	Research a planet and present some facts about what you have learnt.	Make a factsheet about Tim Peake. Who is he and what did he achieve?	Design a new plane for the Wright Brothers.
Social/ Individual I enjoy working with others/myself	Draw some of the Airline Logos and match them to their country.	Who were the Wright Brothers and why are they important?	Write an acrostic poem for one of the planets. M A R A R S M a r v e l l o u s M a r s A b o v e i n t h e s k y R e d a n d g l o w i n g S u r r o u n d e d b y s t a r s.	Fly a Kite!	Design your own planet. What is it called? Who lives there?	Keep a sky at night journal for a whole week. Write about everything you can see in the sky.
